USA Owned. USA Made.

Signature Blends of Blends

Set yourself apart from the rest by adding beauty and distinction to your roof when you choose one of our custom color creations. The Signature Blends of Blends line emulates the classic look of real clay tiles with natural color blends that allow greater flexibility in creating the most traditional to the most contemporary of roof designs. A handcrafted work of art, we encourage you to go ahead and explore the possibilities.

Achieving the Signature Blends of Blends Appearance

Please note that the tile blends featured do not come pre-packaged or blended in the pallet and are to be purchased separately. The percentage noted on the Signature Blends of Blends are suggestions and Eagle Roofing Products recommends that you discuss the design effect with your Roofer, prior to installation, to ensure that you achieve the desired look and that no hot spots (patches of color that undo the blended effect) are created. Your Roof Contractor is responsible for blending the colors during the loading of roof in order to create the Signature Blends of Blends, ensuring that the placement of the tile is completed in an aesthetically pleasing manner.

Boosted Accessory Pieces

It's easy to create the beauty of an authentic mortar-boosted clay roof with our Boosted accessory piece. These individual Boosted pieces are available in a wide range of colors intended to create a rustic look. Simply select from any of our Boosted colors to complement your Capistrano tile. For best results, mix your Boosted color and base color as this will add to the authenticity of your roof.

Choose a Boosted accessory piece to go with your base field tile. Then decide how much "Boost" to use and how you would like your mortar to look. Some prefer a neat treatment, while others like an authentic look. No matter your choice, your new Boosted Eagle roof will be beautiful for years to come.

% used on roof	Approx installed weight field tile per 100 sq ft
10% Application	990
20% Application	1080
30% Application	1170

Each Boosted piece weighs approximately 4.8 lbs.

**Boosted Wind Clips Included
(Bronze & Stainless Steel)**

The Artisan Collection—Featuring Tapered Slate

Projects of distinction require roof tiles that make an impression. Eagle's Artisan Collection utilizes our exclusive Color Pressed Technology to create vibrant hues and unique color transitions not typical in standard roof tiles. The Artisan Collection ranges from distinctive Old World Mediterranean and Southwestern blends in our Capistrano profile and features rich traditional slate tones found in our new Artisan Tapered Slate Series (right page).
